S.T.O.M.P

(Speech Therapy, Occupational, Music, and Play)

The TLS Therapy department is excited to offer this classroom and play-based **intensive therapy group** for young children with autism spectrum disorders, developmental disabilities or delays, and their peers. This play based group, run by a Speech-Language Pathologist, Occupational Therapist, Music Therapist, and a Teacher's Aide will provide multidisciplinary **Group Therapy** to children in a classroom environment. We will supplement and generalize their individual therapy goals. Activities will be designed to enhance overall brain/body, sensory, social and communication awareness. Children will enjoy learning and experiencing their environment and each other through music, movement, sensory activities, literature-based activities and play in a safe, therapeutic sensory environment. Lessons will be tailored to the IEP needs of the children in the group, with general group goals to include:

- Social and Play Skills
- Sensory Motor Skills
- Pre-Literacy Skills and Learning Readiness
- Sensory Integration & Self Control
- Gross Motor Coordination
- Receptive, Expressive and Pragmatic Language
- Self Care Skills/Fine Motor
- Functional Communication
- Pre-Writing/Writing foundation skills
- Rhythm, Timing and Auditory Processing

Ages: 3-7
Time: Fridays 9:00 – 12:00
Dates: Sept. 2, 2011-June 1, 2012
Cost: \$400 per month*
Typical Peer rate: \$100 per month

**In order to ensure all groups provide a safe and effective learning environment, we ask that participant's behavior be manageable in a group setting. The Learning Spectrum reserves the right to discuss with parents the need for an individual aide for any child who is exhibiting behavior that takes away from the learning experience. If an individual aide is required, parents will be asked to pay an additional fee to cover the cost, or provide their own aide.*
